- ☐ <u>Category:</u>
    - ☐ Music
- ☐ <u>Description:</u> (2000 character max)
    - ☐ The D.I.CHI app is built for the DIY Musician based in Chicago, IL. This app provides a one-stop-shop for listening to and communicating with the ever-growing plethora of talented musicians in the windy city. With the ability to showcase a song from Soundcloud, to create a succinct musician profile, and to chat in real time, musicians and fans alike are able to stay up to date on the endless stylings of Chicago's most talented locals. This app is available for iPhone only.
